## How it Happened

**TRANSPORTATION Conditions**—affecting both East and West—and the congestion resulting from them. Many of the finest woollens bought by Hart Schaffner and Marx were delayed beyond possibility of their manufacture for seasonable distribution to their regular merchants. As the largest distributors of Hart Schaffner and Marx clothes in Eastern Kentucky we seized the opportunity to purchase a portion of these suits at a real price concession—knowing that quality merchandise like this—at Sale prices—in mid-season—would quickly win public approval.

**THESE** are complete lines of this season's merchandise, fresh from the tailor shops of one of America's foremost makers. This is a wonderful opportunity, so come prepared to fill your wardrobe. This is a Sale worth making time for—and taking time to attend—such decided savings warrant your providing for your future as well as present needs. Come early as you can for most advantageous choice, and as early in the day as you can for most convenient shopping.

### ZIONISTS MEET FOR BIG PROJECT

(By Associated Press)  
London, June 23.—Public ownership of land, a co-operative commonwealth, and equal rights for all, were advocated here today as the three leading principles in the social program American Zionists desire incorporated in the project for a Jewish Homeland in Palestine by Jacob de Haas, executive secretary of the Zionist organization of America.

Mr. de Haas arrived in London tonight on a special train from the Continent. He is the president of the Zionist organization of America; Judge Julian W. Mack, president; Nathan Straus, Mrs. Mary Fels, Prof. Felix Frankfurter, Capt. Abraham Tulin, David Rosenbloom and Louis Lipsky, organization secretary. These are the advance guard of the 39 delegates of American Zionists to the World Zionist conference, convening here July 4.

"The Zionists are not going to be satisfied with a Palestine or land of Israel, which is to be a mere duplicate of the numerous small states of Europe or South America. They believe that the 2,000 years of suffering and martyrdom of the wandering Jew has given to our race a wealth of experience which, added to the ancient heritage of the Jew, can be made fruitful in the creation of a model settlement in the land of our forefathers."

### WHY Use YOUR TEAMS FOR HAULING

—when they are needed on the farm? We can do your hauling at rates that will surprise you when compared with cost of team hauling. We also store cars in our large, clean Garage at reasonable rates. Special attention given wheat and corn hauling. —Let us figure with you When in town give us a trial.

### "PINAFORE" IS SIMPLY VERY GOOD

Arthur Deane was actor-manager of the English Opera company during its exceptionally successful Chicago season. He will be actor-manager of the Redpath "Pinafore" production. Arthur Burgess, who plays Sir Joseph, is well known all over America as having headed and managed a number of successful companies of his own. He has few if any equals as an acting comedian.

Joel Mosberg will take the important part of Dick Deadeye. He has been leading bass-baritone in many grand opera productions.

Glen A. Drake, tenor, is a successful concert singer and actor. He is an artist of rare ability. Miss Mildred Rodiger takes the important part of Buttercup. Her past accomplishments and her rich contralto voice make her a splendid success in this role. The part of Josephine will be taken by Lucella Feiertag. She is well known to both Chautauqua and opera audiences. All lovers of the Gilbert and Sullivan operas will be delighted that Redpath is presenting "Pinafore" this season.

### SUMMER SCHOOL RECORDS BROKEN

Monday brought a large number and Tuesday several new students to Eastern Normal, and the enrollment has passed all previous marks, with most of the visitors being given accommodations. It is estimated that a greater number of homes in the city have been thrown open to the students this summer than ever before. The summer school work is progressing nicely, it is reported, with the additional corps of teachers, and there will be special attention given studies for which some of the students have a great desire. Conditions at the school were never more crowded, nor "thoroughly pleasing," said one of the faculty today, in speaking of the manner in which the mass of students, on coming from here, there and everywhere, mingled as though they had been friends for years, and had taken up their various studies with much vim. The term is really proving to be one of the most successful in the history of the school, and President Coates is much pleased with the manner in which the numerous difficulties have been so successfully over-

### SEWER WORK NOW NEARS COMPLETION

The work of finishing the sewer excavations on Third street will be recorded Tuesday night, when the McLane Company will move to Second street where they will take up the work of excavating north of Irvine street and extend this to Moberly avenue. This will enable the workmen to get away from the streets. There will be work requiring perhaps three weeks yet to do on the streets. It is known that there will be stone encountered on Second street and dynamite will have to be used. This will be the last of this character of excavation work of this kind here, since this will put the workmen away from the stone. The contractors expect to clean up the work here within a month.

**ECZEMA!**  
Money back without question if HUNT'S Salve fails in the treatment of ITCH, ECZEMA, RINGWORM, TETTER or other itching skin disease. Try a 75 cent box at our risk.

**STOCKTON'S DRUG STORE**  
—Don't Throw Away Your TIRES—

They are too expensive. Let me repair them. If it isn't worth repairing I will tell you so. My work is guaranteed. Neglected sand pockets and tread cuts, soon cause fabric separation. Also lets in the water which rots the fabric. Keep your tires up like you do your teeth, and little troubles will not grow into big ones.

**L. T. ROBINSON**  
WITH SANDLIN SUPPLY COMPANY  
Within the next few weeks Todd county will be the scene of a big oil boom and active drilling for deep wells will begin.
